Software Proficiency

Cursor | Figma | Generative AI | After Effects | Photoshop | InDesign | Illustrator

Professional Experience

[2025-2026] **Product Creative & Motion Designer (Student position), Lightricks | LTX Studio**
Created motion design assets and animated demonstrations for new LTX Studio features (AI video generation platform). Utilized generative AI prompt engineering and iterative creative production to develop cinematic content showcasing product capabilities.

[2025] **Multidisciplinary Designer, 0202 - Point of View, Jerusalem**
Providing multidisciplinary design services to various Jerusalem-based NGOs through 0202, a non-profit organization using media to promote understanding among the city's diverse communities.

Military Experience

[2023 - 2024] **Animation Teacher, Pele Elementary School, Jerusalem**
Facilitated creative animation workshops for students in grades 4–6, including those with special needs, fostering imagination and visual storytelling skills.

[2017 - 2021] **Operations Officer, Classified Unit in AMAN**
Managed operational and tactical schedules for intelligence projects within the unit. Oversaw operations rooms and inter-unit collaborations across the organization. Maintained direct communication with unit command.

Volunteering

[2023 - 2024] **Perach – Young Academia Program**

[2022 - 2023] **Running Guide, Etgarim Association**
Personal guide in a community-based running group for individuals with special needs, fostering inclusion through sports.

Press & Recognition

[2026] **Graduation Project**
Under_Zir (Generative Textile System) | Featured in Ynet and Knesset Channel.
